**Margaret R. Mauzé, PhD, ABPP**

**Specialty Board Certified Pediatric Psychologist**

Specializes in consultation and treatment of children, adolescents, and families

---

Dr. Mauzé provides evidence -based interventions for children, adolescents, and families dealing with chronic and acute illnesses. She also has extensive experience treating more generalized mental health and behavioral concerns. Her approach focuses on cognitive behavioral interventions while incorporating a child/family's strengths and interpersonal relationships. She is specialty board certified in clinical child and adolescent psychology and has a history of providing broad scope pediatric psychology services to children and families across inpatient and outpatient medical settings.

---
