Advance Beneficiary Notice of Noncoverage for Telemedicine Visits

Your child's health is important to us. While we have opened our office to in-person well and sick visits, we know some families may not be comfortable with this approach yet, and that is completely acceptable. We will continue to see your child for well or sick via telemedicine, if that is your preference.

During the initial phases of COVID-19, most insurance companies waived cost-sharing for their members. This will slowly begin phasing out over the next few months, and insurance companies will require members to pay a portion of what insurance will not cover for this type of visit.

By electing "yes" to a telemedicine visit, you will be responsible for any portion your insurance company refuses to pay.

Please select the box below:

- Yes, I would like my child to be scheduled with a telemedicine visit and agree to pay any balance owed that insurance will not cover.

Parent Signature _____ Date _____

Child/Children: _____
